## Chapter 1 by Paola Vargas

i like to say hi because I think it good to say but people say I am weird I think they say weird in a nice way but one day learn there is two why to say weird they where say it in a mean way it was sad

## Chapter 2 by -

Saying hello is a simple way to bring a smile to someones face. It turns a gloomy day, into a hopeful one. It can switch a sour mood into a happy mood.

And it is SO simple. Just a curve in your facial features. A slight upward tail beside your mouth. Perhaps even the wave of your hand, or a wink of the eye can brighten the oppressive atmosphere surrounding someone.

SO never be ashamed to say greet a stranger or salute a passerby with a kind smile. You may never know just how much it meant to them.
